**Re: In the Matter of Review of Section 251 Unbundling Obligations of Incumbent
Local Exchange Carriers and Implementation of the Local Competition
Provisions in the Telecommunications Act of 1996, CC Docket Nos. 01-338;
96-98; 98-147**

Dear Ms. Dortch:

On January 17, 2003, David Bogaty of WorldNet Telecommunications, Inc. ("WorldNet") and the undersigned met individually with Jordan Goldstein, Legal Advisor to Commissioner Copps, and Jeffrey Carlisle, Richard Lerner, and Scott Bergmann of the Wireline Competition Bureau. In the meeting, we discussed the Commission's examination of its UNE policies in light of the D.C. Circuit's *USTA* decision, and how the "impairment" analysis factors into the Commission's decision making. Additionally, we discussed the importance of UNE-P to WorldNet's ability to provide competitive telecommunications services in Puerto Rico, and to WorldNet's current migration to become a facilities-based carrier. WorldNet also emphasized that competition is nearly non-existent in Puerto Rico, and because of the unique characteristics of the island of Puerto Rico, the Commission should consider retaining LINE-P in Puerto Rico as a means of promoting facilities-based competition.

One electronic copy of this notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Respectfully submitted,

Lawrence R. Freedman
